## SUPERINTENDENT'S REPORT

---

I herewith submit my sixteenth annual report as superintendent of schools, it being the twenty-fourth in the series of such reports.

Madison schools are going well. The old saying, "Hitch your wagon to a star", has lately been changed to "Hitch your wagon to the next job in hand." Doing that job as well as you can is what brings competence, character and happiness. Schools are aiming to fashion character as well as intelligence, and earnest, untiring effort on the part of pupils is essential. Parents and teachers should cooperate to bring about the best results. Education today is looking at the side of service, asking how young people can become helpful in the community. The great world need at present is for a real, intelligent unselfishness among nations and individuals. In the country at large, it is said that half the parents of pupils now in high school had, themselves, no high school education. Thus parents are pushing their children up to greater accomplishment. Boys and girls should appreciate this and give their best efforts in school work.

I wish every child could have educational activities in the home to correlate with school work, such as writing friendly letters, keeping the family budget account, measuring the woodpile and keeping the family gasoline bill. Children do not have opportunities enough to apply the knowledge gained at school. It is pleasing to note that the high schools particularly have been carrying out projects in which school activities have sought to do community service, at the same time making application of scientific knowledge. Lawns have been graded, shrubs set out, electric wiring done in order to feature a new community observance of Christmas.

### Beautify the Grounds

It should be the definite aim of schools and communities to beautify the public grounds on lawns and roadsides. In a state so beautiful by nature, certainly the home and school surroundings should be noticeably beautiful.

### Repairs

The improvements to property during the past year consisted mainly in interior work at the high school and the installation of a sanitary toilet at the Corner School. Provision should be made for a sanitary at Nickerson School. We also need ventilating heaters and adjustable furniture.

### Health

The health work is under the care of the school nurse, Miss Eva M. Nelson, R. N. Miss Nelson brings to the work a wealth of experience and training. She served in the World War and has done much service in school nursing. The inspections have been made and special attention is being given to correction of dental defects. We do well to look after the physical welfare of the children. Miss Nelson's report is appended.

### Visual Education

The picture work has been carried on and pupils are profiting by seeing such pictures as "Overland to California," "The Arid Southwest," "Safety" "George Washington, His Life and Times." We learn more rapidly through the medium of the eye.

### Prize Speaking

The Silver Lake Woman's Club is still sponsoring Prize Speaking which was better this year than usual. Thanks is expressed to the coaches and judges who gave time to help the pupils in this excellent exercise.

Recent graduates from the high school now in post-secondary schools include Carlyle Chick in Pratt Institute, Brooklyn, N. Y., Francena Pearson in Bates

College, Ruth Van Dusen in Teachers' College in Framingham, Mass., Fred Robinson in Concord Business College, Howard Kennett in Northampton Commercial College, Sidney Gilman in Bates College, Edgar Tyler in Concord Business College. Eleanor Whiting is in training as a nurse in Massachusetts General Hospital. It will be noted that 60% of the last graduating class are now in higher institutions and more will go later.

The following were graduated from Madison High School last June: Minerva Pearson, Edgar Tyler, Ruth Tyler, Eleanor Whiting and Sidney Gilman.

The teachers in Madison are as follows:

Joseph Reardon, Headmaster of High School; Clark University.

Helen M. Pratt, assistant; Keene Normal School.

Erma H. Brooks, Junior High; Plymouth Normal School.

Ethel J. Whiting, Silver Lake School; Plymouth Normal School.

Beatrice S. Lovering, Corner School; Plymouth Normal School.

Bertha E. Moody, Nickerson School; Plymouth Normal School.

#### Statistics

For the year ending June 30, 1936, our schools had an average attendance of 128, an average membership of 134 and a percent of attendance of 95.6. It is always gratifying when we have an attendance percent of 95 or over.

## REPORT OF SCHOOL NURSE

---

The Madison Schools have been visited regularly.

Our interest this year has been focused on the establishment of a dental clinic.

Dr. Reynolds of Conway has generously reserved one afternoon a week for the Madison children. A group of interested ladies have been most cooperative in helping us with a small amount of money. Thus far forty-five children have benefited by this arrangement. It is hoped that all may attend the clinic.

The pupils seem unusually free from pediculous, impetigo and other minor infections.

It is hoped a few tonsil cases may have benefit of clinic rates in the spring.

The people of Madison are so interested in the schools that it has been a privilege to serve you.

Respectfully submitted,

EVA NELSON

School Nurse
